**STATEMENT OF POLICY IN TREATMENT OF
CUSTOMER PROPRIETARY NETWORK INFORMATION**

1. It is Storm Mobile, LLC dba Built4U Mobile, LLC (hereafter referred to as "Storm Mobile") policy not to use CPNI for any activity other than permitted by law. Any disclosure of CPNI to other parties (such as affiliates, vendors, and agents) occurs only if it is necessary to conduct a legitimate business activity related to the services already provided by the company to the customer. If the Company is not required by law to disclose the CPNI or if the intended use does not fall within one of the carve outs, the Company will first obtain the customer's consent prior to using CPNI.
2. Storm Mobile follows industry-standard practices to prevent unauthorized access to CPNI by a person other than the subscriber or Storm Mobile. However, Storm Mobile cannot guarantee that these practices will prevent every unauthorized attempt to access, use, or disclose personally identifiable information. Therefore:
 - A. If an unauthorized disclosure were to occur, Storm Mobile shall provide notification of the breach within seven (7) days to the United States Secret Service ("USSS") and the Federal Bureau of Investigation ("FBI").
 - B. Storm Mobile shall wait an additional seven (7) days from its government notice prior to notifying the affected customers of the breach.
 - C. Notwithstanding the provisions in subparagraph B above, Storm Mobile shall not wait the additional seven (7) days to notify its customers if Storm Mobile determines there is an immediate risk of irreparable harm to the customers.
 - D. Storm Mobile shall maintain records of discovered breaches for a period of at least two (2) years.
3. All employees will be trained as to when they are, and are not, authorized to use CPNI upon employment with the Company and annually thereafter.
 - A. Specifically, Storm Mobile shall prohibit its personnel from releasing CPNI based upon a customer-initiated telephone call except under the following three (3) circumstances:
 1. When the customer has pre-established a password.
 2. When the information requested by the customer is to be sent to the customer's address of record, or
 3. When Storm Mobile calls the customer's telephone number of record and discusses the information with the party initially identified by customer when service was initiated.

B. Storm Mobile may use CPNI for the following purposes:

- To initiate, render, maintain, repair, bill and collect for services;
- To protect its property rights; or to protect its subscribers or other carriers from fraudulent, abusive, or the unlawful use of, or subscription to, such services;
- To provide inbound telemarketing, referral or administrative services to the customer during a customer initiated call and with the customer's informed consent.
- To market additional services to customers that are within the same categories of service to which the customer already subscribes;
- To market services formerly known as adjunct-to-basic services; and
- To market additional services to customers with the receipt of informed consent via the use of opt-in or opt-out, as applicable.

4. Prior to allowing access to Customers' individually identifiable CPNI to Storm Mobile's joint ventures' or independent contractors, Storm Mobile will require, in order to safeguard that information, their entry into both confidentiality agreements that ensure compliance with this Statement and shall obtain opt-in consent from a customer prior to disclosing the information. In addition, Storm Mobile requires all outside Dealers and Agents to acknowledge and certify that they may only use CPNI for the purpose for which that information has been provided.
5. Storm Mobile requires express written authorization from the customer prior to dispensing CPNI to new carriers, except as otherwise required by law.
6. Storm Mobile does not market, share or otherwise sell CPNI information to any third party.
7. Storm Mobile maintains a record of its own and its affiliates' sales and marketing campaigns that use Storm Mobile's customers' CPNI. The record will include a description of each campaign, the specific CPNI that was used in the campaign, and what products and services were offered as part of the campaign.

A. Prior commencement of a sales or marketing campaign that utilizes CPNI, Storm Mobile establishes the status of a customer's CPNI approval. The following sets forth the procedure followed by Storm Mobile.

- Prior to any solicitation for customer approval, Storm Mobile will notify customers of their right to restrict the use of, disclosure of, and access to their CPNI.
- Storm Mobile will use opt-in approval for any instance in which Storm Mobile must obtain customer approval prior to using, disclosing, or permitting access to CPNI.

- A customer's approval or disapproval remains in effect until the customer revokes or limits such approval or disapproval.
 - Records of approvals are maintained for at least one year.
 - Storm Mobile provides individual notice to customers when soliciting approval to use, disclose, or permit access to CPNI.
 - The content of Storm Mobile, LLC's CPNI notices comply with FCC rule 64.2008 (c).
8. Storm Mobile has implemented a system to obtain approval and informed consent from its customers prior to the use of CPNI for marketing purposes. This system allows for the status of a customer's CPNI approval to be clearly established prior to the use of CPNI.
 9. Storm Mobile has a supervisory review process regarding compliance with the CPNI rules for outbound marketing situations and will maintain compliance records for at least one year. Specifically, Storm Mobile's sales personnel will obtain express approval of any proposed outbound marketing request for customer approval of the use of CPNI by The General Counsel of Storm Mobile.
 10. Storm Mobile notifies customers immediately of any account changes, including address of record, authentication, online account and password related changes.
 11. Storm Mobile may negotiate alternative authentication procedures for services that Storm Mobile provides to business customers that have a dedicated account representative and a contract that specifically addresses Storm Mobile's protection of CPNI.
 12. Storm Mobile is prepared to provide written notice within five business days to the FCC of any instance where the opt-in mechanisms do not work properly to such a degree that consumer's inability to opt-in is more than an anomaly.
